Subject: Lapwai Creek project number 2002-070-00

Please include the Lapwai creek project (# 2002-070-00) in your recommendation to the Bonneville Power Administration. I live on Sweetwater Creek, a tributary of Lapwai Creek and appreciate the work that has already taken place to improve the water quality in the Creek. It is however visibly obvious that much more work could be done to restore this historic steelhead fishery.
