GROWING WITH YOU

October 9, 2006

Northwest Power & Conservation Council
851 SW 6th Avenue, Suite 1100
Portland, OR 97204-1348

Dear Council Members:

It has come to our attention that the Lapwai Creek and Big Canyon Creek projects within the Nez Perce Soil and Water Conservation District may be discontinued. As a supplier of grass seed to the District and a local business, we would like to ask that you reconsider this decision.

Both projects have proven to be successful and provide a great economic benefit for our local communities.

Respectfully,

Sheryl Dotson
Administration
Grassland West Company
