**Subject:** RE: Comment on FY07-09 Innovative proposal review by July 24

Dear Patty

Thank you for the reminder concerning comments on the Independent Scientific Review Panel's Review of the Innovative Proposals. I spoke with my Co-PI Jeremy Rentz and we both agreed that the review was fair. We were happy with the thoroughness of the report and appreciated the time and consideration that went into developing the document. If you have any additional questions, please feel free to contact me any time.

Best regards,  
Jeff Ullman
