MEMORANDUM

TO: Power Committee

FROM: Ken Corum

SUBJECT: Survey of utility commissioners, others about a regional process to stimulate demand response

At the last Power Committee meeting we talked about the possibility of a regional process, coordinated by the Regulatory Assistance Project, to get high level commitment to development of demand response in the region. I've been making calls to commissioners, as I've been able to schedule them. In the Power Committee meeting of May 9 I'll make a brief report on progress in identifying DR issues that they're concerned about.
